Sir:

AMENDMENTSpecification

The amendments to the abstract were drafted to answer the Examiner's objection and it now reflects the claimed disclosure as requested by the Examiner.

35 USC §102(b)/103(a)

Claims 1-10 were rejected under 35 USC 102(b) as being unpatentable under U.S. Patent No 5,74,430 ("Inoue"). The Examiner argues that Inoue, "discloses mixtures comprising lubricating oil plus overbased calcium salicylate plus calcium sulfonate plus ZDTP plus phenol plus zinc dipentylthiocarbamate (example 8) in proportions that appear to be encompassed by Applicant's claims." For a reference to be a 102 rejection, it must disclose each and every claimed limitation. This rejection fails because Inoue does not disclose the limitation of using both neutral and overbased detergents. Inoue only discloses mixtures of overbased detergents.
